

ASHUTOSH TRIPATHI

B.Tech Computer Science & Engineering · 2nd Semester

Basti, Uttar Pradesh 272002 | +91 8303621724 | Ashutosh251017@iiitmanipur.ac.in

PROFESSIONAL OBJECTIVE

Highly motivated 2nd-semester B.Tech CSE student at IIIT Manipur with a strong foundation in C programming, Data Structures, and frontend web development. Passionate about Machine Learning, Data Science, and building user-facing web interfaces. Seeking internships and collaborative opportunities to apply algorithmic problem-solving, deep learning concepts, and frontend development skills to real-world challenges.

EDUCATION

Indian Institute of Information Technology (IIIT), Manipur

B.Tech in Computer Science & Engineering | 2025 – Present

Current Status: Pursuing (2nd Semester) · Roll No.: 250101017

CBSE Board

Class XII – Science (PCM) | 2025

Percentage: 84%

UP Board

Class X | 2023

Percentage: 87%

TECHNICAL SKILLS

Languages: C (Proficient), Python (Intermediate)

Frontend Development: HTML5, CSS3, JavaScript — responsive layouts, DOM manipulation, UI design and redesign

DSA: Arrays, Linked Lists, Stacks, Queues, Trees (Implemented in C)

ML & Data Science: Basics of Deep Learning, LSTM Networks, Time-Series Forecasting, Data Preprocessing (NumPy, Pandas)

Tools & IDEs: VS Code, Git/GitHub, Jupyter Notebook

ACADEMIC PROJECTS & RESEARCH

SmartAir: Predictive Modeling for Mine Safety

Academic Research / Self-Study · TEXMiN UG Research Fellow, IIIT Manipur

- Conducted an extensive literature review of 5+ top-tier research papers (IEEE, MDPI) on applying Deep Learning to toxic gas detection.
- Designed a conceptual framework for using Long Short-Term Memory (LSTM) neural networks to predict Carbon Monoxide (CO) and Methane (CH₄) concentrations in time-series data.
- Analyzed data preprocessing techniques, sliding window mechanisms, and feature engineering for optimizing ML models on multi-sensor datasets.

Personal Portfolio Website

Self-Directed · ashutoshtripathi830.github.io/My-Portfolio

- Designed and built a personal portfolio site showcasing services, experience, and education using HTML, CSS, and JavaScript.
- Implemented a responsive, section-based layout (Intro, Services, Experience, Contact) with smooth navigation and social links.

CSS Landing Page Mini-Project

Self-Directed · ashutoshtripathi830.github.io/css-mini

- Built a product landing page from scratch to practice CSS layout techniques (Flexbox/Grid), navigation bars, and stat/rating sections.
- Focused on visual hierarchy and clean UI structure for an e-commerce-style page.

RELEVANT COURSEWORK

- Data Structures and Algorithms
- Programming Fundamentals
- Mathematics for Computer Science
- Digital Electronics
- Introduction to Artificial Intelligence

SOFT SKILLS & ABILITIES

- Analytical Thinking:** Strong mathematical foundation and problem-solving mindset developed through DSA.
- Research-Oriented:** Ability to read, comprehend, and extract data from complex scientific research papers.
- Adaptability:** Fast learner, actively expanding skill set from core C programming to Python-based Machine Learning and frontend web development.

PERSONAL DETAILS

Date of Birth: 09 July 2007

Nationality: Indian

Languages: English (Professional Proficiency), Hindi (Native)
